

Members Website

Terms and Conditions & Disclaimer

By using our Member Website, you agree to the terms and conditions for you and/or your child(ren), as outlined below.

Access

All videos should only be accessed by current active members.

We therefore request that you do not share or record these videos with/for anyone. Any members breaching this agreement will be suspended from training.

Supervision and participation

Attendance of parent/guardian is compulsory for all junior members.
Your training area must be fit for purpose (adequate non-slip floor space is necessary).
Your health condition must be appropriate for training as per your enrolment form.

Safeguarding

Our current risk assessments are still applicable for home training, but participants must pay particular attention and care to training in a smaller area and on a harder surface, especially when kicking, break-falling or using weapons. Participants must stop activities if the area is unsafe.
